Giombetti Ending
Eventful Career
at Clarke School

Star Forward Has Averaged
Better Than 15 Points Per
Game and Is Outstanding
All-Around Player.

NORTHAMPTON, Feb. 27—Capt. August Giombetti of the Clarke School basketball team, one of the leading scorers among Western Massachusetts high school hoop stars this year, is winding up an eventful athletic career at Clarke this season. To date he has stamped himself as one of the leading forwards in the valley. August is a likeable boy, a good team player, fine mixer and an exceptionally good leader. He has a keen eye for the hoop, is a clever dribbler and an accurate passer.

The Clarke school hoopster not only picks up points from the floor, but tosses them in from the line of least resistance with splendid accuracy. Most of Giombetti's baskets this season have been manufactured by sifting in back of the opponents defense and cutting under for some clever hoops. He's one court player who knows what to do with the ball when he gets it. He has a long arm hook shot and is plenty dangerous under the strings.

This floor general is a stone wall on the defense and frequently intercepts passes in the front line. It might be interesting to note that if Giombetti played under a bigger schedule he, in all probability, might be in the running for Western Massachusetts scoring honors. So far this season, August has taken part in nine games and has an average of 15.3 points per game, while Robert Sheffield of Belch-

AUGUST GIOMBETTI.

ertown, present leading point getter, has averaged only a little better than 12 points a game. Sheffield has taken part in 21 games or a little better than twice as many games than Giombetti has played this year.

One of Giombetti's chief characteristics is that he is one of the most humble boys you would care to meet and does not go in for the plaudits, so often typical of schoolboy players. He is in splendid physical condition and plays for all he is worth from the opening toot of the whistle right through to the end.
